

Kick foot & ankle pain to the curb...

...with the help of the board-certified orthopaedic surgeons at Knox Orthopaedics. Our surgeons can address most any traumatic or chronic lower-extremity issue, with surgical and non-surgical treatments. We offer full diagnostic capabilities, including our own onsite MRI, as well as a full outpatient surgery facility. Whether you are experiencing pain from chronic problems such as bunions, neuromas, arthritic changes in your feet or ankles, or have had issues related to sports or traumatic injury, we can help get you back in the game!

Call Knox Orthopaedics at 800-621-3218 today to schedule an appointment with one of our surgeons.

#3 Medical Plaza • Mountain Home, Arkansas 72653
